In the event that members of the faculty covered by this agreement are affected by the school board's decision to reduce staff, the following procedures will apply.

B. Procedures

1. The administration shall attempt to accomplish the necessary reduction by attrition. Attrition means retirements, resignations, etc.
2. If the necessary reduction cannot be accomplished by attrition and realignment of remaining faculty, those teachers, if any, with emergency or temporary/certification shall be reduced next, provided that no teacher whose certification is required to maintain a program which is required by the D.O.E. shall be reduced.
3. In the event it becomes necessary to reduce teachers who are fully certificated by the State of Iowa to perform services for the school district, the following procedures will apply, provided that no teacher whose certification is required to maintain a program which is required by the D.O.E. shall be reduced.

ALL STAFF

Given the necessity to retain the most qualified and experienced staff, those teachers who are in their probationary years (the first two years of employment in the District) shall be reduced first. Should a choice be necessary between two (2) or more probationary teachers, that teacher whose relative qualifications to the available work are least shall be reduced.

If the necessary reduction cannot be accomplished by reduction of probationary teachers or there are no probationary teachers, non-probationary teachers shall be reduced in the inverse order of seniority provided that the qualifications of the teacher are relatively equal.

If necessary reduction cannot be accomplished by reduction of probationary teachers or because there are no probationary teachers, non-probationary teachers shall be reduced in the inverse order of seniority provided that the qualifications of the teacher are relatively equal.

Special Program Areas

Should the work of a special area teacher (P.E., Music, Art, Counselor, Learning Disabilities, and Title I Teachers) be discontinued, reduction within the special area will be in the inverse order of seniority provided the qualifications of the teacher are relatively equal.

4. Should a senior employee be eligible to displace a less senior employee under the provisions of this article, no displacement may occur in situations wherein a teacher would be required to teach subjects outside his/her major area(s) of preparation and/or outside his/her prior experience.
5. Teachers selected for staff reduction shall be notified in writing no later than a date that is consistent with Chapter 279 of the Code of Iowa.

C. Seniority

Seniority shall be computed from the employee's most recent date of hire provided that seniority will continue to accrue during all approved leaves of absence, and for a period of two (2) years from the effective date of a layoff. Seniority will not be broken for teachers who are subsequently reinstated or recalled or for teachers who resign for reasons of staff reduction and re recalled. Should a choice be necessary between two (2) or more teachers with equal seniority the decision for retention will be based first on training, and then on other qualifications to do the available work, with the more qualified teacher being retained.

By December 1, the Association shall be provided a listing of employees in the elementary school K-6, and in Special Areas with specification of each employee's record of seniority and specification of certification, including D.O.E. approvals and endorsements. The list shall also include each teacher's record of experience by program area.

D. Recall

Any teacher who is reduced pursuant to this article shall have recall rights to any position for which he/she is qualified, D.O.E. certification, or for which he/she becomes qualified, for a period of two (2) years from the effective date of the employee's termination. Teachers shall be recalled in inverse order of termination.

An employee desiring recall rights shall maintain on file with the superintendent the employee's mailing address. Should a vacancy occur, the superintendent shall notify the teacher by certified mail of the vacancy. The teacher shall respond affirmatively within twenty (20) calendar days of date of the superintendent's notice. Failure to respond affirmatively within the required time shall result in termination of the teacher's right of recall.

Any employee who resigns upon request or is terminated pursuant to this article shall be accorded the recall rights provided herein. A teacher who is recalled shall receive placement on the salary schedule at one step greater than he/she was at the time of termination, unless the teacher has additional experience or training for which he/she shall receive credit on the salary schedule. All other benefits, including unused accumulation of sick leave, shall be restored to the employee upon recall.

Teachers on layoff will receive preference in filling substitute positions.

E. Definitions

The term qualifications means employee evaluations, certification (endorsements and approvals), educational preparation, and involvement in extra-curricular activities.

F. Voluntary Transfer

1. Definition - The movement of an employee to a vacant position in a different grade level or subject area shall be considered a transfer. If an employee's job assignment is merely reapportioned such that an employee is not moved to a new grade level or subject area, this reapportionment shall not be deemed a transfer. A realignment in the context of a staff reduction is likewise not a transfer. A transfer presumes a vacant position as defined by the district which it desires to fill. A position as originally vacated may be eliminated or restructured at the discretion of the district.
2. Prefiling - Employees who desire a transfer to another grade level or subject area may file a written statement of such desire with the superintendent. Such statement shall include the grade level(s) or subject area(s) to which the employee desires to be transferred. Transfer requests on file as of the date of the district declares the vacancy open will be considered. Transfer requests shall be valid for one year from the date they are filed.
3. Criteria - Requests for voluntary transfer will not be refused for arbitrary or capricious reasons.

G. Involuntary Transfers

1. Definition - The movement of an employee to a vacant position in a different grade level or subject area shall be considered a transfer. If an employee's job assignment is merely reapportioned such that an employee is not moved to a new grade level or subject area, this reapportionment shall not be deemed a transfer. A realignment in the context of a staff reduction is likewise not a transfer. A transfer presumes a vacant position as defined by the district which it desires to fill. A position as originally vacated may be eliminated or restructured at the discretion of the district.
2. Interplay - Voluntary transfer requests shall be considered prior to involuntary transfers.
3. Criteria - Involuntary transfers shall not be made for arbitrary or capricious reasons.

4. Meeting - A meeting shall be held with an employee to be involuntarily transferred to discuss the reason(s) for the involuntary transfer.

ARTICLE XIII: HEALTH PROVISIONS

A. Physical Fitness - New Employees

All new employees are required to provide evidence of physical fitness to perform duties assigned and freedom from communicable disease. Such evidence shall be limited to a statement from a licensed physician of the employee's choice who will attest to the employee's physical fitness. The completed physical form shall be given to the superintendent by October 1st.

B. Costs

Up to \$70.00 shall be paid for the employee's physical exam by either the District's health insurance carrier or by the District, or a combination thereof. For teacher's physicals, the teacher may choose his/her own physician. It is the understanding of parties that the employee will first solicit reimbursement for the physical exam from the insurance carrier, and that if the carrier fails to pay any portion of the full amount then the District's obligation begins.

ARTICLE XIV: EVALUATION PROCEDURE

A. Formal Evaluation Procedures

Evaluation is for the primary purpose of the improvement of instruction. This section shall apply only to a formal process for evaluation for the primary purpose of the improvement of instruction.

1. Notification

By September 15th of each school term the building principal or appropriate supervisor shall acquaint each employee under his/her supervision with the evaluation procedures, formal evaluation standards and instruments to be used. The purpose of the orientation is to achieve mutual understanding of the evaluation system. No evaluation shall take place until such orientation has been completed. The building principal or supervisor shall evaluate each employee formally in writing. The formal written evaluation shall be preceded by at least one (1) observation of at least thirty (30) consecutive minutes.

Individual Career Development Plans--The evaluator will meet with the teacher to review the teacher's development plan and help modify the plan, if need be, to fit the district's expectations. The evaluator and the teacher shall establish a mutually agreed upon time for a conference to review progress in meeting the goal(s) in the plan.

3. Conference and Copy

A final evaluation conference will be held annually with each employee prior to April 10th. The teacher shall have at least two (2) days prior notice concerning the date of the conference. Should the teacher fail to attend a scheduled conference, the administrator shall not be required to reschedule the conference. A copy signed by both parties shall be given to the employee. The employee's signature does not necessarily

mean agreement with the evaluation, but rather awareness of the content. No teacher shall be required to sign a blank or incomplete evaluation form.

4. Responses

If the employee feels his/her formal written evaluation is incomplete, inaccurate, or unjust, he/she may within thirty (30) days of the conference put his/her objections in writing and have them attached to the evaluation report to be placed in his/her personnel file. The file copy of such objections shall be signed by both parties to indicate awareness of the content.

B. Informal Evaluation Procedures

Should the school administrator reach evaluation conclusions concerning the performance, capability, or behavior of an employee by means or methods other than those set out in Section A of this article, the following procedures will apply:

1. A copy of each written notation of an informal evaluation which is included in the employee's personnel file shall be given to the employee at the time of filing.
2. If the employee feels the informal evaluation is incomplete, inaccurate, or unjust, he/she may request a conference with the school administration to discuss the evaluation and such conference will be granted within five (5) school days following the receipt of the employee's written request for the conference. The employee may, at his/her option, be accompanied by an Association representative at the conference.

At the conference the administration shall cite the instance(s) upon which the evaluation is based; shall review the nature and extent of the administration's investigation therein; shall furnish the employee with a copy of the District policies or rules upon which the evaluation is based unless the District has previously provided the employee with the policy or rule; and shall furnish the employee, upon request, with the names of person or persons upon whose observations the evaluation is based.

The employee shall be given an opportunity to respond orally or in writing, or both, if desired. Any written response shall be attached to the informal evaluation and included in the personnel file.

C. Personnel File

1. Each employee shall have the right to review the contents of his/her personnel file. A representative of the Association, at the employee's request may accompany the employee in his/her review. Credentials and letters of recommendation will be excluded from the file when it is to be examined by the employee.
2. Any complaints directed toward and employee which are placed in his/her personnel file shall be promptly called to the employee's attention in writing.
3. The employee shall have the right to reproduce any of the contents of his/her personnel file except credentials or letters of recommendation. The employee shall bear the cost of such reproduction.

A. Health Insurance

The Board will contribute the total cost of the single rate for PPO insurance or will pay one half of the total family (employee + extra dependent) insurance. Eligible premiums may be on a pre-tax basis if desired by the member. Monies not eligible for pre-tax benefits (including Tax Shelters) will be included as taxable income (at no increase or decrease in total cost to the Board). The benefit plans shall be established by mutual agreement with the Union and Board.

All 2001-2002 teachers that do not take family insurance will receive \$600 a year in monthly installments of \$50, to be applied to a TSA. If a 2001-2002 teacher drops family coverage, he/she will receive the \$600 to be applied to a TSA. This \$600 is only for 2001-2002 teachers on staff. This will not be offered to new teachers into the district.

It is required that at least 75% of all eligible members participate in the group medical plan.

B. Part-Time Teachers

Employees who are employed part-time will have the same fraction of premium coverage according to their fraction of contract.

C. Long Term Disability

Each member may be covered by a Long Term Disability program. The benefits will be 60% of the member's contracted salary, subject to the insurance contract provisions. The member will contribute 100% through payroll deductions.

D. Section 125 of the IRC

Both Flex I (Premium Only) and Flex II (Unreimbursed Medical Expense and Dependent Care reimbursement) shall be available to those who choose. The Board shall pay the start-up costs of the plan. Any cost over this amount will be paid by the employee.

E. Coverage

Coverage shall become effective on the first of the month coinciding with or next following the date of employment. Coverage shall terminate at the end of the month following termination of employment, or on August 31 if the member has satisfactorily completed their contracted duties.

F. Continuation

In the event that an employee, absent because of illness or injury, has exhausted sick leave accrual, the above mentioned benefits shall continue throughout the balance of the contract year. Employees on paid leave shall continue to have Board contributions made according to the level described above.

Retired teachers (those who retire after the 1991-92 school year) or other employees on nonpaid leave for one (1) month or longer shall have the option to continue the Board provided programs by paying the premiums to the Board in advance of the billing date.

G. Insurance Information

The employer is responsible and will provide each member with an insurance booklet outlining each of the benefits within 10 days of employment, or as soon as practical thereafter. As changes occur in the insurance contracts as required by federal or state mandates, notification will be made to each member in a timely manner.

Employees who begin deduction after September shall have the total dues prorated on the basis of the remaining months of employment through June.
- D. Duration

ARTICLE XX: REOPENER

Any increase in Iowa State Legislature allocations or funds not specifically earmarked or appropriated for special programs that come into the Dows Community School District after July 1 of each school year shall be considered new monies. Money allocated by the Legislature for L.D., transportation, and IPERS reimbursement shall not be included in new monies.

A minimum of \$2,001 shall reopen the salary schedule.

Any reduction in allowable expenditures as required by the Department of Education in excess of \$2,001 will also cause a reduction in the base salary in the amount of 50 percent of the amount that the state would require us to lower our allowable expenditures.

Fifty percent of all new money, including the \$2,001 shall be applied to an increase in the base of the salary schedule shown in Schedule A.
